## Making History

The Cunninghams make visiting the historic and cultural sites of Europe interesting, relevant and fun. Each family member researches their own topics and presents the facts and fictions of the region in their own individual, humorous and accessible style. In this series they visit stops in Greece, Italy, France and Denmark.

## Making Music

Seasoned musicians, the whole family turns out to play old time tunes and Métis music in the streets. Dave plays mandolin, Jesse's on guitar, Tahnis fiddles, and Becky and Ceileigh capture the hearts of passers-by with their singing.

## Making Munchies

And at the end of the day, there is food to make! Learn how to create traditional regional dishes with nothing more than a knife, a frying pan, and the utensils found in the local self catered cottages and pensions.
